

TOWN OF MINTO

POLICY

UNAUTHORIZED ROADWORK

The Town of Minto is responsible for the roadways that are under their jurisdiction within the boundaries of the Town of Minto.

In order for the Town of Minto to be liable for their roadways, either gravel surface, tar and chip surface or pavement surface; the construction must be to the satisfaction and to the standards of the Town of Minto.

This Policy will eliminate any future unauthorized roadwork. In the event that unauthorized roadwork is completed; the Town of Minto will reconstruct the roadway back to the original condition of the roadway prior to the unauthorized roadwork being completed and the costs will be the responsibility of the property owner. If the property owner refuses to pay for the reconstruction of the roadwork back to the original condition of the roadway; the costs will be added to the property owner's taxes including interest accumulated for non-payment in the amount of 1.5% per month.

Adopted by Council on November 16th, 2005.
